Written testimony:

I frequent Gracie Technics Jiu Jitsu at 1222 Kaumualii St. and there are numerous homeless people that in the area. I do not feel safe and below is a specific encounter.

On February 23rd at approximately 9:30pm, my girlfriend and I departed Gracie Technics and started walking towards our car which was parked in the street. Because she started walking first, she got about 10 steps ahead of me. As I soon as I stepped out past the cars that were parked in the parking lot and got a clear line of sight to the people's tents across the street, I saw a man emerge from his tent, staring intently at my girlfriend. Now, I don't know what his intentions were, but he shadowed her and acted intimidating. It wasn't long after I saw him that he caught sight of me and immediately returned to his tent. Fortunately I was there and averted any bad situations from happening, but I am concerned for others that will be walking to their cars alone at night.
